

Homework 3

Group Project (3 in each group):

Assume you are working as development manager in different field of business (Example given below). How would you like to use Remote Sensing data along with other data to improve your business/activity.

- Head of big corporate Chain (Amazon, Walmart/Target, etc.)
- Head of largest Food Supply industry
- Head of Largest Charity Foundation

Prepare 5-6 slides Presentation with some pictures.

(Keep the same group combination of Homework 1)
